➊ Problem Definition

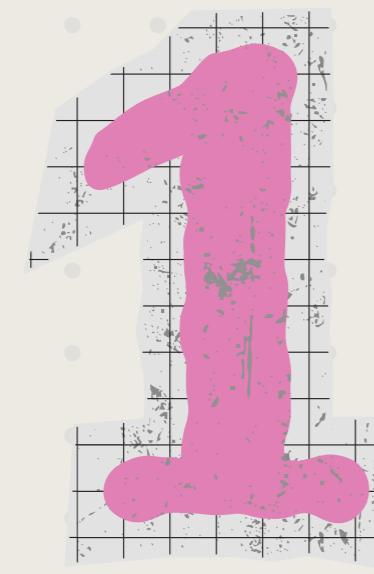

DIY enthusiasts struggle with finding guidance, materials, and inspiration. At the same time, experts and merchants lack effective ways to showcase and sell their works and products.

Proposed Solution

Handmade Trail (درب مصنوع يدوياً) is a platform designed to bridge the gap between DIY enthusiasts, experts, and material merchants. By providing project planning tools, a project library, a marketplace, and reward systems, the platform fosters creativity, collaboration, and entrepreneurial growth in the DIY community.
